

My name is Glen Hoffherr. I am the Board President of Culpeper Renaissance, Inc. also referred to as CRI. CRI is Culpeper's designated Main Street organization. We are a 501 C3 non-profit, and are able to fulfill our mission of enhancing, celebrating, and enriching Culpeper's Downtown and our community only through the most important work of our volunteers and community partners.

In 2021-2022, the organization encountered many changes, which shifted our attention and focus to grants and programs that would generate direct cash flow for our downtown businesses. CRI achieved its goals towards the continued Downtown revitalization, which would have not been possible without the support of community members like you.

I would like to share a few of our key accomplishments this past year and ask that you consider becoming a CRI Friend and support our mission of stimulating a growing and stable commercial center in downtown Culpeper by increasing the use of downtown as a destination for residents and visitors, promoting and developing a diversified business mix, fostering residential opportunities in and near downtown and continuing to strengthen a unified and enduring sense of place.

In 2021, CRI continued to experience many changes to our programming with much of our attention focused on grant and program goals that would generate direct cash flow for our downtown businesses. CRI achieved its goals toward the continued Downtown vitality, which would not have been possible without community support. These accomplishments included:

- For the first quarter of 2021 CRI was able to infuse \$16,500 into 26 downtown small businesses through the Culpeper Downtown Dollars Program during an otherwise slow time of year for the downtown district. The economic recovery program spearheaded by CRI was made possible thanks to CRI's fundraising efforts with \$5,500 in public donations.
- CRI reopened our Façade, Sign and Awning Grant program which supports and revitalizes the historic downtown corridor. The overall appearance of the downtown buildings weighs heavily on the success of CRI's ongoing effort of downtown vitality.
- Successfully implemented the Culpeper Downtown Micro Marketing Leverage \$30,000 Grant in partnership with the Town of Culpeper Tourism Department. This grant program was designed to stimulate new advertising, marketing and promotional activity for businesses and organizations in downtown Culpeper.

- Due to employee shortage for our downtown businesses the CRI Economic Vitality Committee in partnership with Culpeper Tourism and Economic Development Department, Culpeper County Economic Development Department, Culpeper Chamber of Commerce, Culpeper Center, and Virginia Career Works Culpeper Center held a Culpeper Downtown Job Fair event on September 27th from 5-8pm at the Culpeper Center. Eleven downtown businesses participated in the event with 5 positions being filled.
